

IAIM INFANT MASSAGE

*Available at Gymboree
Play & Music St Albans*

The purpose of the International Association of the Infant Massage is to promote nurturing touch and communication through training, education and research so parents, caregivers and children are loved, valued and respected throughout the world community". IAIM

What is baby massage? Baby massage is a long-standing parenting tradition in many cultures such as Indian and African. Baby massage has been practiced in the UK since the late 1990s. Baby Massage is a gentle, rhythmic stroking of your babies body using your hands.

The IAIM massage course draws from both the Indian and Swedish massage traditions as well as incorporating principles from yoga and reflexology. Massaging your baby provides a wonderful opportunity to express your love whilst meeting the need of touch and affection that is so essential to the healthy development of babies.

What will I learn? The IAIM massage routine, a colic routine, gentle movements and touch relaxation.

What will I use to massage my baby? A scent free vegetable oil, cold pressed and organic. Sunflower oil is used in each class.
